August 2023 Newsletter**

Portlandcommunitygardens.org

What is harvested? What is planted? Our community gardens nourish us with the organic food that we grow, enjoy and share.

Friends of Portland Community Gardens' mission is to support and expand opportunities for people to grow and flourish in the City of Portland.

“Seeds are time capsules, vessels travelling through time and space, in the right place at the right time, each seed gives rise to a new plant.” from Seeds: Time Capsules of Life.
