Website: portlandcommunitygardens.org

Who would have thought that we would still have snow in March? Last April was a surprise for more snow that damaged many plants. Hold the tomatoes and peppers! Warm weather in May is the time.

March 19, 2023 distribution of starts, fertilizer, and seeds to Produce for People volunteers by Friends of Portland Community Gardens and Portland Parks Community Gardens at Mt. Tabor Community Garden. Vegetables are grown and donated to local food pantries. This program started in 1995.
